Subject Index to Volume 7

A Accommodation
Studies on Accommodation (Mizukawa et al) 29
Albino
Universal: Karyotypic Anomalies in (Kobayashi) 64
Anomaly
Karyotypic; in Universal -Albino-Females with Nystagmus 64
Astigmation
Correlation between Tonus of Ciliar Muscle and (Yamanaka) 203
C Cataract
Naphthalene: Biochemical studies on (Yuge et al) 36
Choroida (1)
Pigment Cell: Electron Microscopic Studies by Vital Staining on (Yamada) 82
Ciliar
Muscles: Correlation between Astogmatism of Cornea and Tonus of (Yamanaka) 203
Body: Effect of Beta Irradiation on (Usui) 226
Cornea (1)
Antigens: Immunochenical Natures of (Tsutsui et al) 125
Correlation Between Tonus of Ciliar Muscle and Astigmatism of (Yamanaka) 203
Reaction: in Delayed Hypersensittivity (Mizukawa et al) 137
Epithelium: Polygonal Cell of (Sugiura et al) 187
Epithelial Cells: after Lamellar Homokeratoplasty studied by autoradiography (Mizukawa et al) 196
Correlation
Between tonus of Ciliar Muscle and Astigmation of Cornea (Yamanaka) 203
Crystalline Lens
see Lens
E EKC
Hemagglutination-Inhibtion Antibody Responses in (kobayashi et al) 57
Studies on Immuity to (Tanaka) 164
Electron
Microscopic: Stuies on the Coloured Rabbit Choroic by Vital Stainig (Yamada) 82
Microscopic: Observations upon the Epithelium of the Lens and Ciliary Body of Rabbit Eye after Sr^{90} Irradiation (Usui) 226
Microscopic: Observations on Cytology and Cytochemistry of the Parabloid Glycygen of Chick Retina (Matsusaka) 238
EOG
Two-Dimensinal Recording of Eye Movements by (Uenoyama et al) 155
ERG
of the Human Retina (Nagata) 96
Eye
Movement: Two-Dimensional Recording by Vector-Electro-Oculography (Uenoyama et al) 155
H Hemianopsia
Homonymous: Cerebral Pargonimiasis with (Muneoka et al) 3
Infants
Premature: Ocular Findings in (Hosaka) 77
Irradiation
Beta: Effect on the rabbit eye (Usui) 226
K Karyotypic
Anomaly: in Universal-Albino-Females with Mystagmus (Kobayashi) 64
Keratoplasty

Lamellar: Movement of Epithelial Cells after (Mizukawa et al) 196

L Lens
Rheological Characteristics of (Fukuda) 47
Aerobic Breakdown of Injured Calf (Yuge) 216
Effect of Beta Irradiation on the Epithelium of (Usui) 226
Lacrimal
Part: of the Orbicularis Muscles with Special Reference to the Sac Dilators (Nagashima et al) 229

M Muscles
Extraocular: Cholinesterase Acivity in (Cheng) 174
Orbicularis: On the Lacrimal Part of (Nagashima et al) 220

O Obituary
Emeritus Professor Shinobu Ishihara (Editorial) 1
Ocular
Finding: in the Premature Infants (Especially on the Premature Signs) (Hosaka) 77

P Paragonimiasis
Cerebral: with Homonymous Hemianopia (Muneoka et al) 3

R Retina (1)
Fetal: Morphogenesis of the Rosette in (Araki) 14
Cytology and Cytochemistry of the Parabloid Glycogen of (Matsusaka) 238
Negative Deflesion Appearing at the Begining off Response of (Manabe et al) 147
Pigment: in Exprimental Retinitis Pigmentosa (Miyata et al) 20
Retinitis
Pigmentosa: Nature of Pigment in (Miyata et al) 20
Rosette
in cultured Fetal Retinas (Araki) 14

S Sac
Dilators: On the Lacrimal Part of the Orbicularis Muscles with Special Referrence to (Nagashima et al) 220

Index of Authors to Volume 7

A AMINO Norihiro: see KOBAYASHI (2)
ARAKI Keiji: Morphogenesis of the Rosette in Fetal Retinas cultured in Vitro 14

C CHENG Kensei: Cholinesterase Activity in Humon Extraocular 175

F FUJITA Nobuko: see MIZUKAWA (3)
FUJITSU Michitomi: see MUNEOKA
FUKUDA Masatoshi: Rheological Characteristics of Human Crystalline Lens 47

H HARA Jiro: see MIZUKAWA (3)
HOSAKA Akio: The Ocular Findings in the Prematurs Infants, Especially on the Premature Signs 77

I IIMURA Iwao: see UENOYAMA

K KAWANABE Kusumi: see SUGIURA
KINOSHITA Atsushi: see MANABE
KOBAYASHI Mamoru: Karyotypic Anormalies in Universal, Albino-Females with Nystagmus Report of Two Cases 64
KOBAYASHI Shunsaku (1): see MUNEOKA
(2): Hemagglutination-Inhibition Antibody Responces in Epidemic Keratoconjunctivitis 57
KURAHASHI Hatsuho: see TSUTSUI

M MANABE Reizo (1): see MIZUKAWA (1)
(2): A Negative Deflexion Appearing at the begining of Response of the Frog Retina 148
MATSUSAKA Toshihiko: Electron Microscopic Observations on Cytology and Cytochemistry of the Prabloid Glycogen of Chick Retina 238
MIMURA Yasuo: see MIZUKAWA (2)
MIYATA Mikio: On the Nature of the Pigment in Experimintal Retinitis Pigmentosa 20
MIZUKAWA Takashi (1): Studihs on Accommodation 29
(2): Studies on Corneal Reaction in Delayed Hypersensitivity 138
(3): Movement of Epithelial Cells after Lamellar Homokeratiplasty Studied by Autoradiography 196
